

An Nabil's Profile

An Nabil Binti Zarini or Ann, is a certified halal executive under HPB. She holds MSc in Food Technology, in which her thesis is mainly on collagen extraction using plant-based enzymes: an alternative to the porcine based enzymes.

She started her career in food industry, as a Quality Assurance Executive, in a SME company in Selangor. During her 2-year service, she has helped the company to obtain HACCP certification as well as setting up the Halal Assurance System to the company. Since the company produces both food and functional foods, she is also in charged to deal with NPRA on related regulations.

Expanding her career, Ann joined another SME company that focuses mainly on frozen pastries and bakery products, as the Halal & Regulatory Executive. Her focus there is mainly on strengthening the Halal Assurance System, leading the whole company on Halal issues. She is also well versed and in Food Safety and Quality committee.
